RIIFO: Distributor of high-quality piping and fittings solutions to the wholesale market

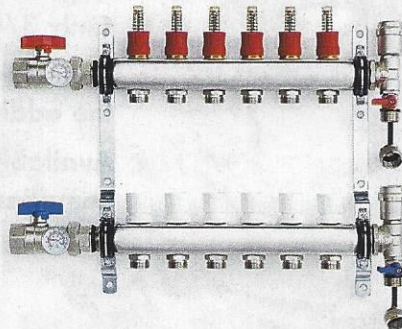

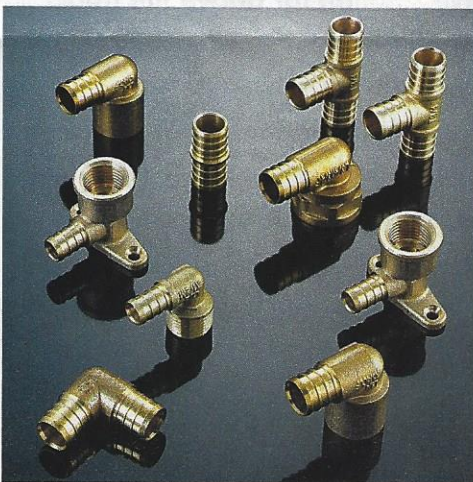

Located in Atlanta, Georgia, RIIFO distributes high-quality piping and fitting solutions to the wholesale market.

RIIFO provides a wide range of products, including potable PEX tubing, barrier PEX tubing, PEX-AL-PEX tubing, lead-free brass crimp and poly alloy fittings, manifolds, tools, and accessories. RIIFO utilizes more than 12 million square feet of ISO9001 manufacturing and testing facilities to produce our industry-leading products.

With more than 20 years of innovative industry experience and manufacturing history, RIIFO's success is driven by a strong focus to provide integrated system solutions that are both highly sustainable and cost-effective.

RIIFO stands as a global leader in the plastics plumbing and heating solutions industry.
